

NORTH CAROLINA'S VOTE IN NOVEMBER ELECTION

Canvass Shows Decline of 26,000 in
Republican Total, and 24,000
in Democratic.

SOME WERE CLOSE CONTESTS

Several Democrats Win Seats in Con-
gress Without Many Votes to
Spare—Senator Simmons Rolls Up
Highest in State.

RALEIGH, N. C., November 30.—The
State Board of Elections, here can-
vassing the returns from the recent
election, finds that the Republican vote
fell off in this State 26,000, compared
with the last previous election, and
that the Democratic vote fell off about
24,000. Senator Simmons led the De-
mocratic ticket by 206 votes.

The Democratic State vote was as
follows: Simmons, 143,521; Pell, 143,
102; Maxwell, 143,984; Clark, 143,218;

The vote on the amendment to the
constitutional amendment to exempt
from taxation homesteads not over
75,916 for and 19,846 against. The
vote on the amendment to the Consti-
tution for six months, the Democrat
was 122,662 for and 26,095 against.
The State Board has about completed
its work of tabulation and is ready to
certify the returns.

PART OF LAKE BOAT MISSING AFTER GALE

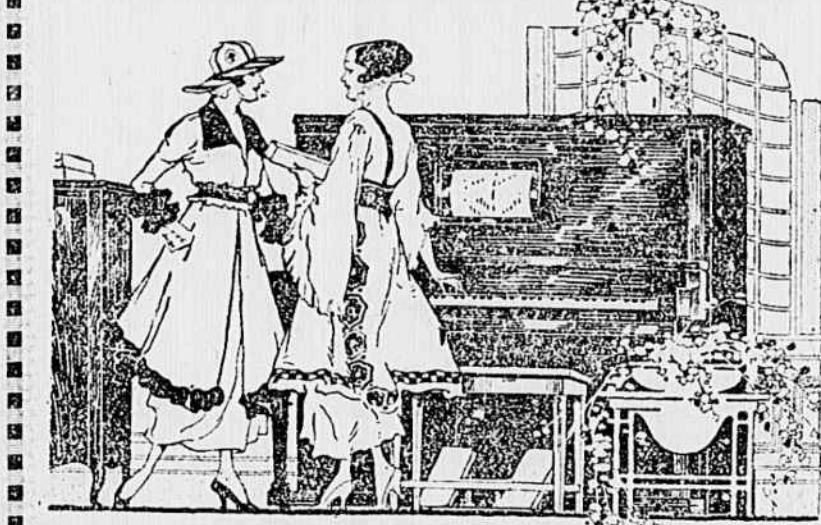

Fear Felt for the Safety of Those on
Forward Section of the
Northwest.

ROCHESTER, N. Y., November 30.—
The bow section of the lake steamer
Northwest, which was cut in two by
a gale from Buffalo through the Welland
Canal to Montreal to be fitted for ocean
service, is missing, together with a
dozen men. Fear is entertained that
the big forward section of the vessel
foundered in the heavy gale which
raged Thursday evening and Friday
morning. The stern section of the
boat was blown to pieces and drifted
to the shore. The bow section was
seen, riding at anchor in an ef-
fort to weather the storm, and offered
assistance, which was declined. Yes-
terday searchers failed to locate it.
Sailors declared the anchor remains
probably parted, not being sufficiently
strong to hold in the 100 fathoms of
water. The ship still entertains hopes
of finding the missing men well to the
west of the anchorage.

Republic Proclaimed.
AMSTERDAM, November 30.—The
republic of Lithuania has been pro-
claimed at Riga in the presence of
the national council and great num-
bers of the population, the Lithuanian
Gazette of Essen states. Karl Ulmanis
is the president of the new republic.

Uprising Does Not Develop.
WASHINGTON, November 30.—Tele-
graphic communication has been re-
sumed between Vladivostok and Ir-
kutsk, Consul Thompson, at the latter
place, reported to the State Department
today. The message added that vigi-
lance military precautions taken at
Irkutsk against an expected uprising
of the Bolsheviks had been effective
and the movement had not developed.

WOMEN WITH PAINTED FACES NOT WANTED IN NEWARK, N. J.

Policewomen Will Be Placed at Rail-
road Stations to Keep Out
Undesirables.

NEWARK, N. J., November 30.—Just
how thick a layer of paint or powder,
or both, on a woman's face marks the
line between respectability and unde-
sirability from a city's standpoint?

This question is to be left to the in-
dividual determination of Newark's
policewomen. It was declared by In-
spector Corbally at police headquar-
ters. The policewomen will be sta-
tioned at railroad stations. Women
whose faces are shellacked will be hal-
ded ere ever they pass out the station
doors and the policewomen will decide
whether their facial adornments con-
stitute an outrage upon Newark's mod-
est sense of propriety.

"Women having too much paint and
powder will not be allowed to enter
the city until it is taken off," declared
Inspector Corbally.

ADOPT METRIC SYSTEM

Congress Will Be Urged to Order Re-
form in Interest of
Trade.

WASHINGTON, November 30.—
Adoption of the metric system of
weights and measurements for the
United States will be urged upon Con-
gress by the American section of the
International High Commission, which
aims to bring about greater uniformity
of commercial law and regulations and
more stable financial relations between
the United States and the South and
Central American republics.

The American section holds that in-
stead of probable closer commercial re-
lations between North and South Amer-
ica, it would be of immense value to
business interests to substitute the
meter, kilometer, centimeter, liter,
hectoliter, hectare, gram and kilogram
for the yard, mile, inch, quart, gallon,
acre, ounce and pound.
